

EMPOWERING MEN TO REACH MEN

I have known Joe White and personally witnessed his dedicated work with urban youth for over twenty years. I am tremendously enthusiastic about his vision for Men at the Cross and our desire to “empower men to reach men.” One2Won is an excellent and timely discipleship plan that will equip “Paul/Timothy” friendships to fulfill Christ’s call for all believers to “Go therefore into all the world and make disciples...”

and Senior Pastor of Oak Cliff Bible Fellowship in Dallas, TX.

Finally the discipleship manual America needed! Every man can take this life-truth story and learn what it means to live like Paul and Timothy in the 21st century. Thank you, Joe White, for making it simple!
